

# Land Manager Forum

**31 May 10:30am-12:30pm**

**Balliol Hall, Church Road,  
West Huntspill, Highbridge, TA9 3RN**

**FREE  
LUNCH  
PROVIDED**

**We believe that integrating wetlands into the Somerset Coastal Levels can benefit biodiversity, but also build community and business resilience in the face of challenges, such as climate change.**

There are more opportunities than ever for land managers to receive financial reward for providing ecosystem services such as clean water, and carbon storage. We want to work with local land managers to provide information, support and guidance on the benefits of wetlands, and the opportunities to create and restore them.

We welcome you to join us for this open forum event. For more information please email **[Georgia.oaten@wwt.org.uk](mailto:Georgia.oaten@wwt.org.uk)**
